Level 2 Warehousing & Storage

This innovative, multi-device compatible course has been created for those learners currently working, or looking to work, in the logistics sector, in particular within a warehousing environment.

What does it cover?

This e-learning course is designed to support the underpinning knowledge of 3 units of the Level 2 Certificate in Warehousing and Storage (not included in the purchase prices provided). These are:

- Health, safety and security at work
- Develop effective working relationships with colleagues in logistics operations
- Keep work areas clean in logistics operations

What will learners achieve?

At the end of each unit, the learner completes an online assessment workbook to evidence the knowledge-based learning for the qualification. The learner is also prepared for a competence assessment, which they must complete to achieve the certificate.

What next?

If you'd like to provide your learners with this e-learning package, simply contact us directly on 01752 547 719/07812 036 030 or email us at training@axiomdynamics.co.uk. Alternatively, for further information on our e-learning courses, please visit elearning.axiomdynamics.co.uk.
