Manual Handling

This e-learning course is ideal for those learners taking a manual handling qualification or those workers that will be involved with manual handling as part of their job role. This course is available online through the Highfield Learning Management System and gives the ability to monitor, manage and record training activity.

What does it cover?

There are six training modules that make up this course, which cover the key syllabus. These modules include:

- The definition of manual handling
- The LITE stairway to safety
- Safe lifting techniques
- Correcting lifting techniques
- Lifting with more than one person
- Examples of manual handling

What will learners achieve?

Those taking this e-learning course will engage in approximately 30 minutes of training. Their knowledge will also be tested by five multiple-choice questions. On completion of the course, the system produces a personalised Highfield quality endorsed certificate.

What next?

If you'd like to provide your learners with this e-learning package, simply contact us directly on 0845 226 0350/01302 363 277 or email us at sales@highfield.co.uk. Alternatively, for further information on our e-learning courses, please visit www.highfieldelearning.com.
